In addition, Impressive Pups guarantees the puppy to be free from genetic defects that are detrimental to the puppy's health for one (1) year from the puppy's date of birth.

We cannot predict a time frame when a replacement puppy will be made available, but the buyer will have first pick from subsequent litters.

Impressive Pups guarantees the puppy for 5 days from the date of sale against the following diseases: Parvovirus, Distemper, Leptospirosis, Hepatitis, Parainfluenza, and Corona Virus.

In the event that any of the above stated diseases are diagnosed within the 5 day period, the seller is to be notified within 24 hours. A licensed veterinarian must verify the diagnosis with lab results and it must be provided within 3 business days of said diagnosis. Once we have received confirmation of the submitted diagnosis, we will accept the immediate return of the puppy and refund the purchase price.

In the event said puppy expires the buyer must have an autopsy performed by a licensed Veterinary Diagnostic Laboratory confirming the diagnosis. In order to receive a replacement puppy the report must be sent to seller confirming the cause to be congenital.

Impressive Pups will assume No shipping costs associated with sale or warranty.

Warranty does not cover any diseases for which vaccinations could prevent, except within the 5 day from date of sale period.

Buyer will incur all charges for future vaccinations, wormings, and initial office visit exam within the 3 day period. Seller is not responsible for any vet bills.

All warranties are void in the event the buyer neglects to have the puppy properly vaccinated by a licensed veterinarian, or in any way harms, neglects, or fails to give puppy proper medical attention.

Puppy must be vet checked within 3 business days of receipt or warranty is void.
